Specialists in the different topics teach situational self-defense; defending weapons, stress training, access techniques and so on. Apart of that, the trainings are an opportunity to exchange experiences with colleagues from different states and/or different fields.

Please if possible bring your typical equipment items with you since we need those for our specific security organs training.

If someone of the participants wants to offer additional workshops please contact our head of police forces in the DJJV, Jörg Schmidt ([polizei-behoerdensport@djjv.de](mailto:polizei-behoerdensport@djjv.de)).
