Dear Shotokan friends,

As we already know, the Shotokan Style is widespread, is the largest Style of Karate-Do as Martial Art.

Few years ago, 2009, we have started to form a new organization which has to respect the fundamental "Traditional Concept and Spirit" of Karate-Do Shotokan, as Martial Art, but in the same time to respect the people desire and interest for sport aspects of Karate competition, as a modern trend of nowadays social life in Karate-Do.

In our view this means friendship and life exchange experiences from different cultures, different areas and religious as Additional and Basic Contributions to Karate-Do Shotokan Styles Values at WSF construction, in the world.

This is the "WSF's Philosophy and Concept" - World Shotokan Federation, ex WSKU, has to represent the chance for every practitioner to find his "way" of Karate-Do, the chance for the affirmation of everybody, athletes, coaches, instructors, referees, as the international recognition activity and ranking qualifications.

The main WSF's Goal means: the respect of this Karate-Do philosophy, honest and open cooperation for the improving the WSF's Strategy and Management, for a high technical level, involving the people who have performed and have a big expertise and experience, experts of Shotokan Karate-Do. We need a hard work for all of these, responsibility and expertise too.

So, we are waiting all people interested to join us and together to achieve our Shotokan International Goals.

I really hope and believe that WSF will become, in the next years, one of the strongest Shotokan Style Federation in the World of Karate-Do.

These WSF's Events, the 9th European Shotokan Championships & WSF World Cup 2017, it will be a big occasion and opportunity for all of you to compete and to spend wonderful moments of your life in the unique and fascinating atmosphere City of Pardubice, Prague.

Please, don't forget
Winner or not, be sure you have a big "victory" for yourself... nice atmosphere, you have got a "life medal".

Sincerely yours

Pardubice

Arnošt of Pardubice, the Velká Pardubická Steeplechase, the Golden Helmet, gingerbread – this is just a brief list of what Pardubice is famous for in the minds of people in the Czech Republic and the entire world. However, if you are not an enthusiastic historian, sports fan or culinary gourmand, you can catch up by reading the following crash course on the city. Pardubice lies on the point where the Labe and Chrudimka rivers meet and dates back to more than 700 years. The emblem, which Pardubice has been using as its symbol since the 12th century, is created from a silver horse on a red background. The city experienced its greatest flourishing during the time, when the estate belonged to the noble family the Perštejns, who gave the historical centre of Pardubice its appearance. They say that Pardubice is a city of sports, horses and gingerbread, and it can also be considered the city of transportation. The historically first railway route from Olomouc to Prague leads through here, an international airport is situated here, you can reach the city by car and perhaps even by boat soon.

TRANSPORT

Pardubice is connected with its surroundings by road, rail, water and air transport.

Road transport

To Pardubice city – the natural centre of the Pardubice region - you can get here by car or bus as follows: from Prague along the D11 motorway to exit Pardubice, then along road no. 36 through Bohdaneč Spa. From Liberec along road E442 to Hradec Králové and then along road no. 37 from Hradec Králové. From Olomouc along road E442 to Holic and then to Pardubice. From Havlíčkov Brod along road no. 37 via Chrudim to Pardubice.

The D11 motorway should be completed in the near future and connect Pardubice to this motorway, plus the prepared speedway R35 as a parallel to the D1, road transfer I/37 to Hradec Králové and Chrudim,

Plane connection

Pardubice Airport has an advantageous position in the middle of the region of East Bohemia. Thanks to this, it is fast and easy to access not just from all places in the region, but also from all adjacent regions, either in the direction from Prague, or from Liberec and Hradec Králové in the north, or from Olomouc or Havlíčkov Brod. The airport is ca. 4 km southwest from the city centre and can be reached from all directions without having to go through the centre. Pardubice Airport has fulfilled all conditions of Schengen space and thus cancelled all border controls for flights to countries of the European Union on the night of March 29th, 2008.

Rail travel

Pardubice's position as an important railway junction on the modernised railway corridor is another opportunity for quality development in the entire region of Pardubice. As the first in the country, Pardubice's railway station has a barrier-free system. Handicapped visitors to the city can thus move about the entire railway station without any problems, they can get on and off trains without difficulties. For more information on train departures and arrivals, see www.jizd-ni-rady.info.

Water travel

Navigating the Labe to Pardubice and establishing a multi-modal logistics centre, which includes the port for the cruise boat Arnošt in Pardubice, is a long-term goal. A territory is reserved on the left bank of the Labe between Svitkov and Srnojed, for the multi-modal logistics centre. The division of the 102 ha area is planned into a public port, multi-modal logistics centre and winter port territory.

The Arnošt cruise boat anchors in Pardubice at the ČEZ Arena and cruises to Kunětica and Srnojed.

City public transportation

The city public transportation is provided by the Statutory city of Pardubice in the form of trolleybuses and buses of the Public Transport company of the city of Pardubice. It also serves the surrounding municipalities: Bohdaneč Spa, Os-třešany, Mnětice, Opočinec, Němčice, Srch, Sezemice, Černá u Bohdaneč, Starý Mateřov, Hostovice and Uhřetická Lhota.

Pardubice

Whether you come to Pardubice with your family or friends, for two days or a month, for sport or just to relax, the city and its surroundings offer a number of worthwhile things for everyone.

Zámek Pardubice In Pardubice itself, you most certainly have to take a stroll to the renaissance chateau rebuilt by the Pernštejn family from the original water castle, where there are a number of expositions presented by the Museum of East Bohemia, which is housed here, in addition to the accessible chateau rooms. Another architectural gem definitely worth visiting is the building of the Theatre of East Bohemia, just as its hundreds of performances, which are annually acclaimed by more and more viewers. If you are not that keen on culture and history, then visit the modern reconstructed CEZ Arena for some fantastic hockey, basketball or floorball.

Aleš Klosen - Hrad Kunětická hora. Kunětická Mountain is the only dominant point far-and-wide, and thus the castle perched on its very peak is easy to spot from the entire surroundings. Citizens of Pardubice enjoy cycling here or coming here by car to see the castle or to just sit and have a good meal or a beer or two at the restaurant below the castle. During the summer, the castle grounds transform into a venue for music festivals and unique sceneries for theatrical performances.

Aleš Klosen - Gočárův pavilon Lázně Bohdaneč. Taking a break at Bohdaneč Spa is even worth it for those, who do not suffer from any health ailments. A walk through the spa grounds around the pavilion designed by architect Josef Gočár is truly time pleasantly spent.

Also, southwest of Pardubice are places, which have something to offer tourists. Heřmanův Městec boasts an old Jewish Synagogue a Jewish cemetery, Aleš Klosen – the National Horse-Breeding Farm Kladruby nad Labem. in Chrudim you can find the Museum of Puppets, culture and traditions of Pardubice as a region of horses is proven by the Hippological Museum in Slatiňany, where the horse-breeding farm is situated that breeds black old Kladruby horses and which is also a part of the famous horse-breeding farm in Kladruby nad Labem.

Aleš Klosen - Památník dr.Emila Holuba Holice. We will end this very brief excursion about the points of interest in Pardubice and its surroundings north of Pardubice. It takes twenty minutes by car to get to Holice in Bohemia and for those who are fascinated by Africa should not miss it. The famous Czech traveller Dr. Emil Holub was born in this very town and the museum devoted to him presents an incredible amount of exhibits, which he brought back from his trips about Africa.
