comment: _____

signature athlete: _____

signature coach: _____

Definition of the newcomer status:

Point Fighting and Light Contact

Every newcomer has the possibility to participate in several newcomer tournaments.

After 3 tournament victories he loses the newcomer status.

This does not affect the regulation of newcomers in full contact.

If you have already participated in a provincial or national tournament, you are no longer a newcomer!

Full Contact

Five victories (fights) = loss of the newcomer status.

The number of fights so far (including boxing fights and fights in other sports such as karate) must also be declared in the entry.

If you have already participated in a provincial or national tournament, you are no longer a newcomer.
