

Conditions for participation in the Czech Open 2021 Tournament

According to the new emergency measure No. 1037 of the Ministry of Health of 19 November 2021, the participant of the event must meet the following conditions:

1. Children up to 11 years inclusive

- May not show clinical signs of Covid-19
- They do not have to prove infectivity

2. Children from 12 to 17 years inclusive

- May not show clinical signs of Covid-19
- They must prove infectivity in one of the following ways:
 - Vaccination certificate
 - RT-PCR examination with negative result – for sports activities it is valid for 7 days
 - Laboratory confirmation of Covid-19 (max. 180 days from the first positive test)

3. Adults (over 18 years)

- May not show clinical signs of Covid-19
- They must prove infectivity in one of the following ways:
 - Vaccination certificate
 - Laboratory confirmation of Covid-19 (max. 180 days from the first positive test)
 - Vaccination started but not completed yet + RT-PCR examination with a negative result

We ask all participants of the Czech Open 2021 tournament to have the necessary document prepared during registration.

Thank you for your understanding.
