OPEN NATIONAL CHAMPIONSHIP

PRESS RELEASE

We at GAMMA India are proud to announce that we would be conducting our 1st National Open Championship in the city of Bengaluru, Karnataka between the 23rd of March and 26th of March, 2021. This National Open will also determine the squad of fighters that would represent India at the GAMMA Asian Championship to be conducted in Issyk Kul, Kyrgyzstan in July, 2021. The National Championship was scheduled to be held in March 2020 but had to be canceled keeping in mind the safety of the participants during the start of the pandemic in the country and as per government directive.

Health and Safety of fighters have always been a top priority for us, and keeping in mind the current global situation, necessary Pre Fight Medical tests and clearances for all participants will be made mandatory. Also, at the venue, trained and qualified officials will work alongside medical staff, throughout the duration of the tournament, to not only ensure that all necessary COVID19 safety measures are strictly adhered to but also for any other emergencies that could arise.

Based on the feedback from our 2 successful Technical Webinars conducted by us on 19th & 20th September, 2020 & 17th & 18th October, 2020 we will also be using this opportunity to further our cause of developing trained and qualified Mixed Martial Arts Officials (Referees and Judges) by conducting our first Officials Seminar. The Officials Seminar will be held from 23rd March till 26th March. The prospective candidates will be taken through the Rules and Regulations of Mixed Martial Arts as per the Guidelines of GAMMA and will also be able to officiate first hand, under the careful supervision of current GAMMA India officials, at the National Championship. The goal of the seminar is to have a talent pool of thoroughly trained and experienced candidates that can further be certified and recognized by GAMMA as per GAMMA guidelines.

GAMMAI AT 2019 GAMMA WC

GAMMA November 23, 2019
GLOBAL ASSOCIATION OF
MIXED MARTIAL ARTS

Despite the high number of competitive bouts, there were no accidents, thanks to the innovative rules made by GAMMA in the way of athlete safety.

The Indian team came in strong with their high level of skill and number of participants. New Zealand also impressed the talent scouts in attendance.

GAMMA India Team not only surprised the audience with their spectacular performance at the 1st GAMMA World Championship held in Singapore in November 2019, but also send out a strong message to the other teams that we, Team India, weren't to be taken lightly.

The underdog, GAMMAI Team India managed to secure 7 medals (3 Silver, 4 Bronze) and secured 7th place in the World Championship amongst 35 competing nations.

At the back of the success of Team India at the 1st GAMMA World Championship, we GAMMA India are adamant to prove that this was not a one and done performance by once again identifying the best talent in the country to represent the nation at the upcoming Asian Championship in Kyrgyzstan.
